

Greeting all,

Thank you for helping the Congregational Future Planning Committee by reaching out to members to ask what's most important to them.

A calling list is attached to this email for your use, or you can access the master checklist here:

<https://docs.google.com/spreadsheets/d/1APpPA2dSslbqFrA-6WnDp5ypV5DAY6fiqSnN35KQ538/edit?usp=sharing>

If you call people, you can either use the master list to check off names and if they have completed a survey, or send me an email with any notes.

Suggested Script:

Introduce yourself and that you are calling or following up on the survey for the Congregational Future Planning Committee, who is gathering information in order to make recommendations to the board which will then put choices to the congregation in our annual meeting.

Questions:

Have you filled out a survey?

Do you want help filling one out?

[Survey Link](#) (You can also use this to pull up their answers)

You can either take notes or pull up their survey and enter notes in the final question about anything you talked about.

Suggested Questions for those who have not filled out a survey:

How long have you been a member?

How often do you go to services and how do you generally attend - online versus in-person?

Which of the following are most/least important to you?

Sunday Worship

RE

Ministerial Care

Social Gatherings

Small Group Ministry
Social Justice Work
Other - Or elaborate on any of these that you wish....

Where do you see yourself going in the future?

How do you think that FirstU's assets/endowment should be used?

Is there anything else that you would like the Board or the Congregational Future committee to consider?

NOTE - Even if they have filled out a survey and have little to add, please ask

**"We're planning on visiting Somerville as a congregation on 11/20
Do you plan to come? Do you need a ride?"**

Thanks again for your help!!!!

- Chris B
